- Time periods should be in chronological order. (try)
- Use internet pictures, color is best or drawings, collages or paintings that you create.
- Facts in text, handwritten neatly or typed. Choose interesting facts about the time periods, famous artists, and architecture or furniture designs to tell a story about the time.
- Decorative background reflecting the time period in design and style.
- You may use this book for other art or journaling as well. It's yours to keep. I think you will find tremendous value in this once it's complete.
